INFORMATION AFTER PROCEDURE

RESULTS OF YOUR EXAMINATION:

- _____ Complete exam, normal
- _____ Polyp(s) found and removed. Report will be available in about one week.
- _____ Biopsy taken. Report will be available in about one week.
- _____ Examination normal, but entire colon not seen. Further studies may be necessary.
- _____ Other _____

INSTRUCTIONS:

1. The medication may cause drowsiness for several hours. **Do NOT drive or operate machinery** for at least the remainder of the day.
2. Because of the air put into the colon during the examination, you may experience some abdominal distention, relieved by passage of gas, for several hours.
3. You may resume your regular diet and avoid strenuous exercise after the examination unless instructed otherwise. It is advisable to eat lightly for a few hours until any feeling of bloating is past.
4. Please contact our office if you have any of the following problems:
 - **Excessive Rectal Bleeding**
 - **Persistent Abdominal Pain**
 - **Fever or Chills**

MEDICATIONS:

5. You may resume your regular medication. However, if a polyp was removed, **DO NOT take aspirin or aspirin containing compounds for ___ days**, unless other arrangements have been made.
6. New medication or doses: _____
7. Other _____
8. Call **484-788-0852** if you have any problems or questions.
